PROFESSIONAL DEVELOPMENT

Technical Competence Acquisition: Dedicated 100+ hours to intensive professional study of US GAAP accounting standards and PCAOB Auditing Standards, ensuring technical alignment with US-regulated fund requirements.

Specialized Regulatory Frameworks: Developed deep subject matter expertise in IRS tax codes, specific US tax sections relevant to investment funds, and Cayman Islands legal frameworks to maintain the high level of professional competence required for offshore financial services audits

US & Regional Methodology Integration: Successfully acclimated to the United States regional audit environment by mastering the USA variant of EY GAM and the EY Atlas technical research platform.

KEY ACHIEVEMENTS

Audit Workflow Automation: Engineered three custom AI agents for the Tax Focus Center, designed to automate Realized/Unrealized Gain and Loss (RGL/URGL) data validation and data completeness checks.

Efficiency Optimization: Projected a minimum annual saving of 250+ billable hours for Seniors and Associates by automating routine data verification and the drafting of complex client queries.

Tax Research Augmentation: Developed an AI agent integrated with the EY Worldwide Tax Guide to streamline security-level analysis and jurisdictional taxability assessments under the ASC 740 standard.

AHMED NISAR

WORK EXPERIENCE - CAYMAN ISLANDS OFFICE

EY Cayman Services Ltd. | Audit Senior (January 2026 - Present)

RESPONSIBILITIES – EY Cayman Services Ltd

Hybrid | Jan 2026 – Present

Complex Investment Auditing: Audited high-volume investment portfolios (\$78B+ Total AUM) consisting of private equity, private debt placements, swaps, options, CDS, swaptions, safe investments, equity swaps, currency forwards, futures, preferred shares/warrants, and SPVs designed for Series A and pre-seed private investments.

Valuation & Capital Structure Analysis: Inspected and analyzed complex valuations of private investments, including detailed reviews of cap tables and investee company financial health.

Assessment of Fund Structure & Tax Planning: Assessed the effectiveness of Master-Feeder, General Partner (GP), and Limited Partner (LP) structures, including the use of splitters and blockers to facilitate carry interest and management fee compensation.

BEPS & International Tax Compliance: Analyzed compliance with OECD Pillar 2 (GLoBE) Minimum Top-Up taxes, assessing the €750M revenue threshold and estimating exposures under the Income Inclusion Rule (IIR), Underreported Profit Rule (UTPR), and Qualified Minimum Top-Up Tax (QDMTT).

Tax Jurisdictions Analysis: Analyzed the jurisdictional taxability of instruments across 60+ countries, including high-risk regions such as Spain, Australia, Liberia, and China (H and B shares), ensuring adherence to ASC 740 standards for recognition and measurement.

US IRS Specialized Compliance: Audited compliance for US IRS Section 305(c) deemed dividends on convertible instruments, Section 864(b)(2) safe harbor, State PTET considerations, and Section 871(m) dividend equivalent amounts.

Corporate Reporting & Filings: Ensured adherence to US IRS tax filings, withholding accuracy by prime brokers, and Cayman-specific regulatory requirements including FATCA, CRS, and the issuance of Partner-level K-1s and W-8 forms.

Digital Audit Orchestration: Utilized EY Digital Audit Methodology and Canvas to manage the audit lifecycle, leveraging Atlas for complex tax interpretations and deploying Data Analytics for population testing on journal entries and investment transactions.
